LC gets educated on Health and Human Sources

Leadership Cayman admitted themselves to GT Hospital recently as they looked to find out more about Cayman's healthcare and human services. In particular they focused on current available services, new initiatives and the challenges facing public and private health care providers, health insurance issues and proposed revisions to Health Insurance legislation. HSA also provided free blood glucose, cholesterol and blood pressure testing for all participants at the beginning of the seminar.

Seminar Sponsors were BritishCaymanian Insurance, DaVinci Centre, Rawlinson & Hunter, and Honorary Sponsor Hobbies & Books. Group Organisers were Gwen Pineau & Jeff Wight and Planning Committee Representative was Christina McTaggart.

Guest Speakers were:

- Hon. Mark Scotland, JP – Minister for Health, Environment, Youth, Sports and Culture
- Dr. Sook Yin, Founder of Seven Mile Medical Clinic
- Theresa Pitcairn, Chairman, CI Health Insurance Commission
- Hazel Brown, Chief Nursing Officer, CI HSA

"I was honoured to be asked to participate and applaud the time taken by the organisers in conjunction with the Chamber's support to not only recognize the importance of educating diverse capable individuals who are likely to be tomorrow's leaders but to develop programmes which expose the group to useful topics such as health care, its delivery and cost in the context of sustainable economic systems. I am certain that this programme will make an important contribution that can clarify certain sensitive issues which go to the heart of the survival of our community, driven by the narrow logic of the market." **Theresa Pitcairn**

"This year's seminar was very successful in terms of having wide representation from the main areas of the healthcare industry in the Cayman Islands. The added component of the free health screening provided by HSA was the perfect complement to the focus of the seminar. Gwen and Jeff did a great job and certainly raised the bar for future seminars in terms of preparation and added value components, including gift bags for the panelists, each class member and free health screening." **Christina McTaggart**

Leadership Cayman (LC) is a dynamic, intensive, interactive, six-month experience designed to promote and enhance community leadership through an in-depth introduction to social, economic, business and political issues in the Cayman Islands. LC class members interact with diverse, high-level community leaders and decision-makers by organising and attending a series of seminars and retreats in fields ranging from business, government, education, media, social services, criminal justice, diversity, the arts and more. Through these interactions, members learn about their personal leadership styles, nourish their community spirit and gain invaluable understanding of how our community works.
